## Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our children took whooping cough last summer, our baby being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE PINGEY HALL, Springfield, Ala. This Remedy is for sale by Arcadia Valley Drug Co.

## Card of Thanks.

I desire to return my thanks to the good people of this city for their kind assistance given in my time of trouble, and for their services preceding and at the funeral of my son.

ALLAN M. HAMPTON.

## Holds Up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Arcadia Valley Drug Co.

## Traveling Is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason travelers, tramping street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all kidney and bladder disease. Geo. H. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Sold by Arcadia Valley Drug Co.

## Minutes of Democratic Mass Meeting.

IRONTON, May 8, 1902.  
Meeting was called to order by Hon. W. R. Edgar.

On motion W. R. Edgar was elected president, and Jesse Hawkins was elected secretary. The following delegates to the various conventions were selected:

Senatorial convention, to be held at Cuba, Mo., May 6, 1902: B. S. Gregory, Goff Whitworth, Eugene Logan, W. J. Fitz, Chas. Bollinger.

Judicial convention, for Supreme Court: W. R. Edgar, Arthur Huff.

Judicial convention, for St. Louis Court of Appeals: Jas. Royburn, Newt. Warren.

State convention: J. H. Clark, Eugene Logan, J. B. Holloman, Louis Miller.

The chairman named Wm. Ruble, Dr. G. W. Farrar and F. P. Ake as a committee to select members for Democratic Central Committee. Judge Robt. Hill was called to the chair and W. R. Edgar introduced the following resolution, which was formally adopted:

Resolved, By the Democrats of Iron county, in convention assembled, as follows:

1. We again endorse and renew our adherence to the great principles and purposes of the Democratic party, as set forth in our last National and State platforms.

2. We heartily approve and endorse the exceptionally splendid management of our State affairs since the Democratic party has been in power in the State, and we specially commend the clean, conservative, patriotic and able administration of our public affairs by all our present State officials.

3. We condemn and denounce the course of certain Republican newspapers and poli-

ticians, who, for partisan reasons, daily defame the State, its people and government, and seek to discredit the commonwealth by making and reiterating false and injurious charges against it, hoping thereby to profit through deception.

We know Missouri to be one of the best governed, as well as one of the greatest States of the Union, and the Missouri Democracy, unlike Republicans, stand ever ready to defend the State against every kind of defamation, whether from within or without.

E. M. Logan and Robt. Hill then conducted into the presence of the assembly Gov. Spore, who spoke at some length on State and National politics. His argument was clear and convincing, as evidenced by hearty applause of his listeners. The following Democratic Central Committee-men were chosen:

Arcadia town: W. R. Edgar, A. Huff, B. S. Gregory, Chas. Holloman. Iron twp.: R. J. Hill, H. Latham, Joo. Russell, Joo. Harrah.

Liberty: W. R. Patterson, J. S. Bollinger.  
Union: Walter Fitz, Wiley O'Neal, Dr. David Clarkson, Wm. (Skip) Lewis. Kaolin: Jas. Barger.

Trial bottles free at Arcadia Valley Drug Co.

## Des Arc Items.

We have had more rain in the last ten days than we had all last summer.

Judge Dearing was here Friday night and gave the citizens of Des Arc and vicinity a nice little talk on the finance of Missouri. He spoke very well of Mr. Robt. his opponent, and said he had a clear record, but thought he had held it long enough.

He made many friends by his visit here.

About twenty of the boys went on a fishing expedition Saturday; they caught several red-horse fish. Some of the candidates from Ironton sent them a little brown jug, which they enjoyed very much and will remember the senders on the 7th of June. They have been catching quite a number of fish on the St. Francis lately. Robt. West, living near the river at Stevenson Bros', mill, caught a catfish last week that weighed 26 pounds and was 5 inches between the eyes. Also lots of red-horse weighing from 6 to 12 pounds. There are more fish in the creeks and rivers than there has been for many years. They must have quit bummering them.

Our school directors have employed Mr. Hartman again this year; they also employed Miss Steel of Ironton.

Mrs. Clay Semands of Greenville is visiting relatives at this place.

Mrs. Joe J. Barth of St. Louis is visiting relatives and friends here this week.

Mrs. Lu Morris visited her mother at Hendricks last week.

Mrs. W. E. McKee spent a day in Ironton last week.

W. J. Fitz and wife were in Ironton last week.

Horace Morris, accompanied by his sister Anna, spent Sunday with their sister, Mrs. J. S. O'Neal, at Mill Spring.

Mrs. Frances Semands of De Soto is visiting her sister, Mrs. W. M. O'Neal, this week.

Mrs. Lewis Brewington spent Sunday with her father, Dr. N. A. Farr.

Jas. Pate and wife spent a few days with their parents at Patterson.

Mrs. John Keathley is visiting relatives near Lesterville.

J. M. Morris of Farmington is spending a few days with friends at this place.

The Crowley and Wallis suit, which was appealed from Justice court here, was taken to Ironton this time. Crowley beat Wallis. The costs are now crawling towards \$100. Judge Dearing has granted Wallis a new trial before a jury, to be tried next fall, and there is no telling when the suit will stop. The suit started at \$1.00.

From some cause we are having a car famine, and still business seems to be falling off.

Andrew Myers is improving the looks of his house with a coat of paint.

E. W. Graves is painting his tenement houses. I believe he has 15 houses which he rents to tenants. When a man has to rent a house he pays a big interest, and still never owns the house. During slavery days Joseph Campbell, a farmer in Virginia, hired a negro man for ten years at \$100 a year, and at the end of that time bought him and paid \$700 for him; so the negro cost him \$1700.

The road master came down last week and laid off a side track here, commencing at the depot on the south side and extending 3000 feet, which will hold 100 cars.

## From Goodwater.

When I wrote a month ago that live stock of all kinds would go on the range in good order, I thought, as did many others, that spring had arrived and that it would be but a few days until warm showers and higher temperature would cause buds and blossoms to burst forth on every hand. But alas! "Winter lingered in the lap of Spring" as though he feared he ne'er would have another opportunity of so lingering. In the meantime, farmers throughout this section of the country anxiously awaited the actual appearance of the "coy maiden." No one was supplied with an abundance of feed and most all had fed scantily, hoping to be able to retain a portion of their feed to "make a crop on."

But, in most cases, nearly all the feed that was on hand, or that could be purchased within a reasonable distance, was used before it became safe to turn stock out on the range. Never before have the meadows and wheat fields of this locality been pastured so continuously so long. Though many farmers think that, because meadows and wheat fields now present a thrifty, green appearance, good crops of hay and wheat will be harvested this year. But the writer believes that, in the majority of cases, closely pastured meadows will yield far more weeds than grass and that wheat fields that were pastured after the first week in this month will not yield nearly so large a quantity or so good a quality of wheat as will those fields which were better treated. The fact that, in most cases, close, continuous and late pasturing was a necessity, will not add to the yield of grass nor grain.

There are more poor cattle in the "West End" than were ever seen here before. Only the closest attention prevented the loss of many head of cattle from weakness, consequent upon insufficient nourishment, during the past month. Happily all the danger is now over and the late abundant warm rains have infused hope into farmers generally that they shall be blessed with abundant crops this year, and that vegetation of all kinds will abound on the range and will well fatten stock.

Wheat, which, it was feared, was seriously damaged by the hard freezes that prevailed during the past winter, is now growing finely and promise, an unusually heavy yield, in all fields that were not pastured too much.

It is doubtful if five bushels of peaches will be grown this year within a radius of five square miles from this point; but apple trees are heavily laden with blooms and present a beautiful appearance.

But little corn was planted hereabouts until the 14th inst. Since that time corn planting has been industriously pushed and now nearly all are done planting. Much of the earlier planted corn is up, as are also oats. Owing to the high price of seed a very small average of oats was sown in this neighborhood.

The following named persons visited relatives hereabouts during April: Misses Lucy and Nellie Anderson and their brother Thomas, of near Mann; John G. Yount, of near Ironton.

Mrs. Jas. O. Scott, wife and daughter, visited relatives at Flat River recently.

The following named persons were here on business during the past month: Messrs. W. H. Webb of Bellevue; and Joseph Brooks of near Stone Hill.

Albert Nipper went to Sunlight, and James Payne to Ironton, on business during the past month.

On the 27th inst., a cow belonging to Jno. Huff was killed by lightning.

Mr. Wm. Carl has secured the contract for building a new school house in the Robinson District, near Court-lands, Washington County.

Winifred Anderson has been employed to teach the school in this district.

Much damage was done by forest fires in this locality recently. Mr. Jas. O. Scott and others of this neighborhood lost considerable fencing and some person or persons unknown set fire to the woods pasture fence on Mr. W. J. Anderson's farm in Washington County. Before the fire could be controlled over 200 panels of fence were burned.
